

Carmen

SCHOOLS OF
Science & Technology

Will You Serve as a Mock Interviewer for the Carmen Schools of Science & Technology's Freshman Class?

What: Interview students who are in their first year of high school. This external assessment will focus on social interaction, communication, and valuing in decision making abilities.

Who: We are in need of professionals who have experience interviewing. Volunteers will be performing mock interviews as if the students are potential employees.

Why: To prepare our students for the real world! These interviews provide students with their first professional interview experience.
