SUMMER SCHOOL DETAILS & POLICIES

All students who fail one or more courses during the regular term are automatically scheduled for Summer School. Summer School schedules will be finalized after grades close on Wednesday, June 12th. Another mailing will be sent home after June 13th indicating if your child is officially scheduled for Summer School. The Summer School Program for the 2018-19 school year runs from **Monday, June 17th through Tuesday, July 9th**. Students will be assigned up to three classes during the summer session. Please note that course credit recovery during summer school is essential for some students in order to be promoted to the next grade level, so it is important that all students who are recommended for the summer program take advantage of the opportunity. Students are only allowed to miss 2 summer school classes with a valid excuse. **Students will not receive credit for summer school if they miss 3 days or more days of summer school.** Please note that if a student arrives to class more than 30 minutes late, for any reason, this will be counted as an absence. Any combination of absences or tardies that amounts to 4 or more will result in the student not receiving credit for summer school.

The dress code for summer school is casual just like the same style as dress down days during the regular school year. Clothing must be appropriate. The following items still apply: no sleeveless shirts or shirts that show bare skin on shoulders or stomach; no facial piercings on boys/girls; no earrings larger than two inches for girls; no sagging pants, tight pants, or pants with holes or tears that show bare skin. Sandals are permitted during summer school. Students that come to summer school with inappropriate attire will **not** be allowed into class. Lunch will be available each day and water will be allowed in classrooms. The school has fewer teachers and administrators on staff during the summer months. Disruptive and inappropriate behaviors will not be tolerated. Any student who breaks school rules or ignores a teacher's repeated warnings about disruptive behavior will be asked to leave the school building for the remainder of the day. A student is sent home two times must have a parent or guardian join him or her in classes or will not be allowed to complete the summer school session.
